**Relaxation urgently required in GST Compliance due to outbreak of COVID-19 once again in the whole country**

Respected Madam/Sir

We, the Jamshedpur Chartered Accountants Society was formed with the object to assist the professionals and to resolved the common problems being faced by the Tax Professionals.

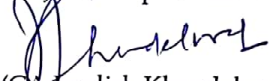

As you may be aware that the entire country is facing the pandemic situation and it is getting worse day by day. We the professional's community is also getting effected by it in large numbers. In fact, many of our member's, their families and the associate working with them are turning positive and it has become very difficult to work in this pandemic situation.

The due dates of filing various GST Returns for the month of March are approaching which needs to be extended for at least 3 months.

GST Annual return GSTR 9 is also not made available for FY 2020-21 and also we need clarification as regard filing of GSTR 9C for the FY 2020-21. It was assured by the government in the past that all forms will be available on 1st April of the year but it is not available as yet.

We therefore request you to kindly consider our request and extend the dates.
